Toll Plaza Reuse

The Transportation Corridor Agencies (TCA) are seeking ideas regarding potential reuse of its existing toll road mainline plazas located along State Routes 73, 133, 241 and 261.

Background

As part of TCA's stewardship with surrounding communities, TCA is interested in soliciting innovative concepts to fund and implement solutions to reuse existing toll facilities along State Routes (SR) 73, 133, 241 and 261. Within the 420 lane miles of toll roads TCA operates in Orange County, there are 10 locations with mainline toll plazas as noted in the table below.
